Dear Sir,

As a life long resident of Connecticut (75 yrs) I object to money contained in the Special Transportation Fund SJ 23 being used for anything other than to repair our roads and bridges. As I write this I am

thinking why am I bothering to raise an objection to this when in fact you will also be deciding to tax the gas that is going to carry my sorry butt to the morgue after you help me commit suicide HB5326 . If I

represented the citizens of Connecticut as you profess to do I think I would be hanging my head in shame at the pain and waste you have heaped on Connecticut. My heart aches for my state and expect I will

never live to see it thriving again.
